Mafuthi in a nutshell

Who we are and what we stand for

Mafuthi Foundation is a national NPO support and social-impact platform that equips community-based organisations with the funding readiness, technology, governance, skills and operational systems needed to deliver sustainable programmes.

WHAT WE ARE

A national NPO support and social-impact platform

OUR ROLE

The mother organisation of community NPOs

WHERE WE START

Durban and KwaZulu-Natal, then national after proven pilots

OUR FOCUS

Food security, education and youth, health and dignity

- Dignity

FOUNDER AND CEO

Dr Ntombifuthi Mngomezulu

Mafuthi Foundation was created from compassion, service and a desire to uplift underserved communities. Dr Mngomezulu founded it with a genuine commitment to restoring dignity and creating hope.

As Founder and CEO she leads the Foundation's vision, leadership, stakeholder relations, partnerships and public representation, and is guiding Mafuthi's next step: to make its impact more sustainable, measurable and scalable by strengthening the NPOs that serve communities.

Because compassion has no borders.

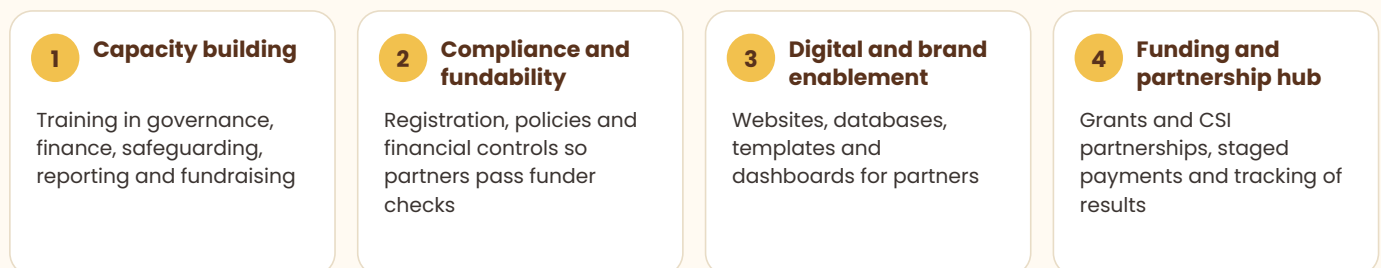

What Mafuthi does

The mother organisation for community NPOs

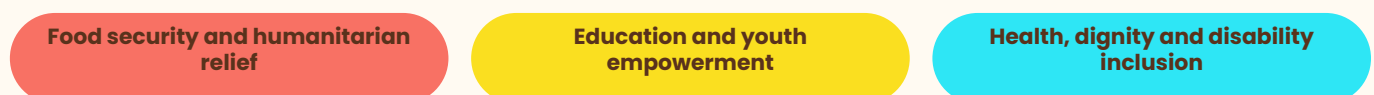

Mafuthi does not try to run every programme itself. Like a mother organisation, we build, equip, fund and guide specialist community NPOs, so they can deliver programmes directly in the communities they know best.

Our four pillars

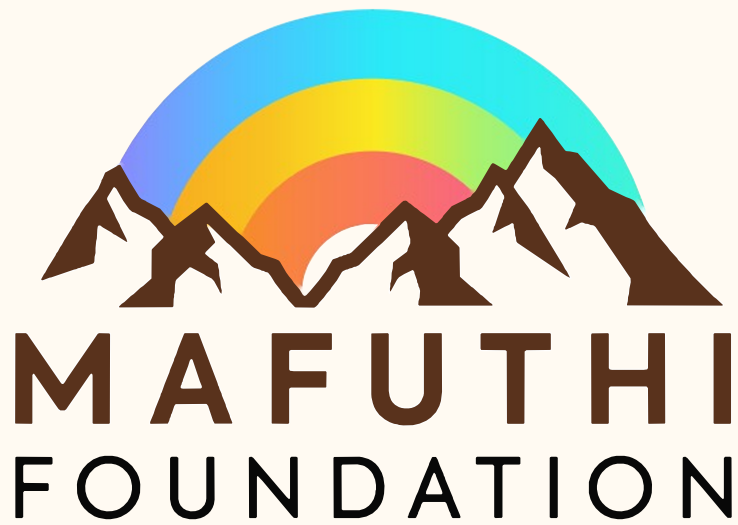

Where we start

We begin in Durban and KwaZulu-Natal with a small number of verified partner NPOs, and expand only after pilots prove delivery, governance and funding readiness.

HOW WE STAY ACCOUNTABLE

Every partner is vetted and approved by the Board. Funds are released in stages under written agreements, only against evidence of delivery. Results are reported openly in an annual impact and accountability report.

Because compassion has no borders.

Building stronger NPOs for stronger communities.
